Standard 3-Contactor UL Panel

Horticultural Environmental Control System

Advanced Power Control Solution

Integrated control solution in a UL508A contactor panel with basic temperature and humidity sensor and cloud support.

Key Features:

- Pearl advanced environmental controller with Link4's latest control and cloud technologies.
- 8-relay output module for flexible applications.
- Three (3) 3-pole 18Amp contactors for simple actuation of large single-phase or 3-phase motors.
- UL508A safety approval for high-voltage installations.
- Temperature and humidity sensor (I2C version).
- Ethernet connection for Link4 cloud remote access and alarm notifications (subscription required).
- White metallic NEMA4 enclosure for wet and humid installations.

- Live phone support with a US product expert
- Email support (support@link4controls.com)
- On-site installation services
- System commissioning and startup
- Maintenance service agreement

Standard 3-Contactor UL Panel

Horticultural Environmental Control System

MAKE GROWING EASIER

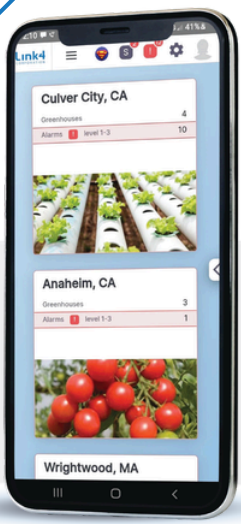
The Pearl is easy to set up. All systems purchased from Link4 can be equipped with custom drawings, videos, and documents to guide installers and end users.

The integrated cloud makes system setup easy, with advanced features such as group programming, and settings save and restore.

Deployable as a single, large UL electrical panel or multiple panels to minimize wire runs and installation costs.

Other Options

- Many configurations available with WiFi and cellular.
- Private label and OEM versions are available to various distributors and manufacturers.



Cloud Connectivity

More than just a hardware interface, our cloud is secure, industry leading design offers real-time alarm management, full audit log, context-based multimedia grow journal, advanced graphing, task management, documentation tracking, user-controlled dashboard, advanced third-party access, context-sensitive help, and much more!
