PEARL PRIME

Horticultural Environmental Control System

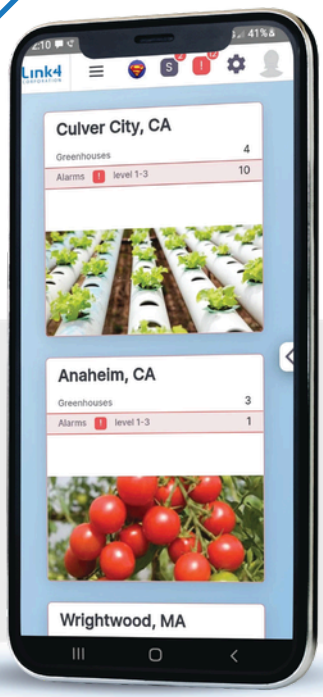
link4controls.com

MAKE GROWING EASIER

The Pearl Prime is easy to set up. All systems purchased from Link4 can be equipped with drawings, videos, and documents to guide installers and end users.

The integrated cloud makes system setup easy, with advanced features such as group programming, and settings save and restore.

Deployable in a preconfigured, off-the-shelf enclosure to minimize wire runs and installation costs.



Cloud Connectivity

More than just a hardware interface, our cloud is secure, industry-leading design offers real-time alarm management, full audit log, context-based multimedia grow journal, advanced graphing, task management, documentation tracking, user-controlled dashboard, advanced third-party access, context-sensitive help, and much more!

Part of the Link4 Family

- Backed by the same platform powering commercial Link4 installations
- Upgrade path available as your operation grows
