PEARL

Horticultural Environmental Control System

link4controls.com

MAKE GROWING EASIER

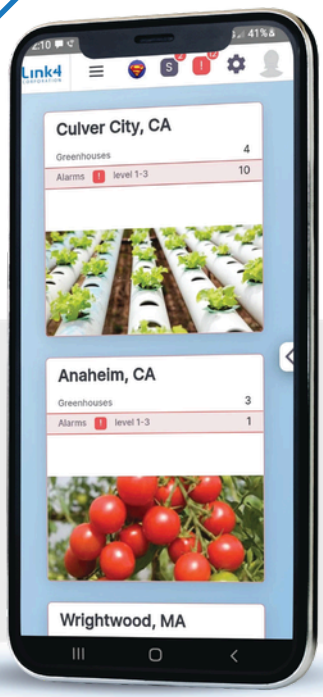
The Pearl StandAlone is easy to set up. All systems purchased from Link4 can be equipped with custom drawings, videos, and documents to guide installers and end users.

The integrated cloud makes system setup easy, with advanced features such as group programming, and settings save and restore.

Deployable in a single plastic enclosure to minimize wire runs and installation costs, the Pearl StandAlone is fully customizable with multiple modular configurations available.

Other Options

- Many configurations available with WiFi and cellular.
- Private label and OEM versions are available to various distributors and manufacturers.



Cloud Connectivity

More than just a hardware interface, our cloud is secure, industry-leading design offers real-time alarm management, full audit log, context-based multimedia grow journal, advanced graphing, task management, documentation tracking, user-controlled dashboard, advanced third-party access, context-sensitive help, and much more!
